Air Leak Surveyor's Certification Training

Gain not only confidence but an organized mindset in doing an Air Leak Survey to make the most of your time and to save the most amount of wasted energy. Confidence comes from knowledge and experience. Knowledge will be given during the training by an experienced Air Leak Surveyor, experience will be shared to you as well as acquired by you during the hands-on section of the training. The training is practical and useful. Students from this class will be ready to develop and implement a successful Air Leak Survey Program in their facility upon successful completion of the training.

Course Outline for the 1-day Air Leak Surveyor's Training includes:

- A. Physics of Air Leaks
- B. Compressed Air System Components
- C. Methods of Air Leak Detection
- D. Air Leak Survey Techniques: Where, When, How, What
- E. Developing an Air Leak Survey Program and Reporting
- F. Putting It All Together: Hands-on Leak Survey
- G. Written and Practical Test

Who should attend: Energy Engineers, Maintenance Personnel, Millwrights, Utility Personnel, Pipefitters, Instrumentation Personnel, Reliability Maintenance, and Maintenance Planners.

Registration: \$495.00 per student, 15% discount for two or more registrants from same company training at the same time.

Tuition includes 1-day Air Leak Surveyor's Certification Training, Certification Exams, Air Leak Surveyor's Manual, lunch and refreshments.

Interested in an **Onsite Training**? Please contact us to schedule one at your location.
